

Drapery Cleaning Service

Does your drapery or curtain fabric smell nice and fresh? Or does it smell stale and repulsive? If you sense a musty or unfamiliar odor, it is time to call Big Red.

Draperies catch a lot of household dust, soil, and odors. In highly urbanized Singapore, even high-rise condominiums and flats are vulnerable to the dirt and smog of the busy streets. Your draperies act as a filter, trapping dust and particulates from the gritty outside world. This is why it is very important to invest in professional drapery cleaning in Singapore. Even if you cannot see visible signs of dirt, this does not necessarily mean that your drapes and curtains are clean.

Curtain Cleaning Specialists in Singapore

A quick call to Big Red will freshen up your curtains in no time. As Singapore's drapery cleaning specialists, we provide professional cleaning services to remove dust, bacteria, allergens, odor, and any other particles from your drapery, while ensuring that the quality of the textile is protected.
